MEMORANDUM FOR: Assistant Chief of Staff, Intelligence, USAF

THROUGH: TALENT Control Officer, USAF

ATTENTION: [REDACTED] AFCIN-3, AIS Group

SUBJECT: Suspect SSM Facility Near Warsaw, Poland

REFERENCES: (a) Requirement AFIC-15/61
(b) NPIC Project JN-189/61

1. This memorandum is in answer to Requirement AFIC-15, which requests photoanalysis of an installation covered on KEYHOLE Mission [REDACTED] and located at 51-53N 21-30E, 35 miles southeast of Warsaw, Poland. This installation is described in the AFIC Requirement as an "SSM launch and support facility."

2. After thorough study, NPIC does not identify this facility as an SSM launch and support facility. Although the installation is located in the forest and is road-served, the configuration is not similar to that of the IRBM/MRBM launch areas identified on Missions [REDACTED]. While positive identification of the activity cannot be made from this photography, the area may possibly function as a small storage facility.
